

RECOMB 2014

18th Annual International Conference of
Research in Computational Molecular Biology

April 2-5 | Pittsburgh, PA

Image credits: Tomislav Alajbeg, Geet Duggal (DNA, Pittsburgh)

Keynote speakers:

Ian T. Baldwin, Max Planck Institute for Chemical Ecology, Germany

Atul Butte, M.D., Ph.D., Stanford University School of Medicine

James Collins, Boston University and Wyss Institute, Harvard University

Trey Ideker, University of California, San Diego

Tom Mitchell, Carnegie Mellon University

Sarah A. Tishkoff, University of Pennsylvania

Co-located with:

RECOMB-Seq: 4th RECOMB Satellite Workshop on Massively Parallel Sequencing
Mar 31-Apr 1

RECOMB-BE: 5th RECOMB Satellite Conference on Bioinformatics Education
Apr 1

Key Dates:

Proceedings submissions due: *Oct 15, 2013*

Highlights abstracts due: *Jan 16, 2014*

Poster abstracts due: *Feb 10, 2014*

Early registration deadline: *Feb 25, 2014*

Conference: *Apr 2-5, 2014*

Topics of interest include:

Molecular Sequence Analysis

Regulation and Epigenomics

Molecular Evolution

Gene Expression

Biological Networks

Sequencing and Genotyping

Technologies

Metagenomics

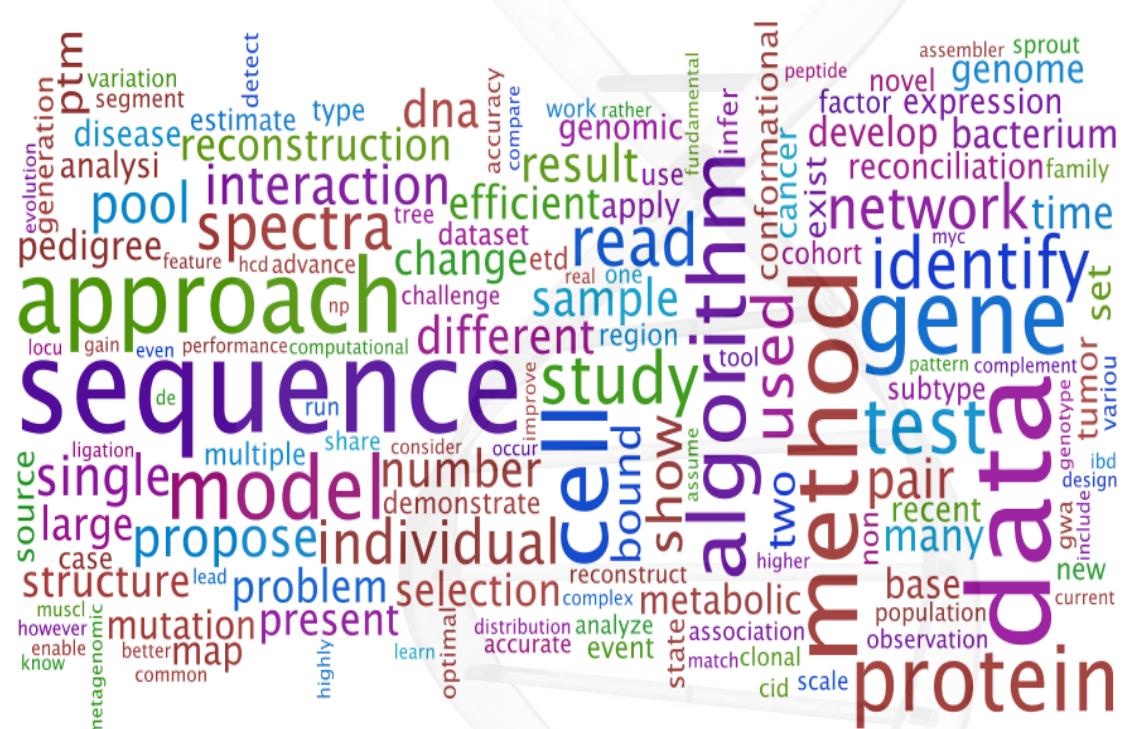

Population and Statistical Genetics

Systems Biology

Computational Proteomics

Computational Structural Biology

Bioimaging

Program Chair

Roded Sharan

Steering Committee

Vineet Bafna
Serafim Batzoglou
Bonnie Berger
Sorin Istrail
Michal Linial
Martin Vingron

Jointly hosted by:

Carnegie Mellon University

University of Pittsburgh
